Affiliate Therapist Program Process

Requirements:

- Be licensed to provide therapy by the Board of Psychology or the Board of Behavioral Sciences
- Have proof of malpractice insurance
- Have an informed consent for KAP to confirm patient's understanding of treatment
- Have successfully completed a certification course in Ketamine Assisted Psychotherapy administered by one of:
 - PRATI, CIIS, Polaris, Fluence, The Ketamine Training Center, Integrative Psychiatry Institute
 - Other post graduate training program approved of by the BTC Director of Psychological Services

Credential Process:

- Complete application
- Come in to the clinic to interview with our Director of Psychological Services
- Pay credentialing fee (\$700)
- Schedule training session with Be the Change in Mental Health (BTC) Director of Psychological Services (Dr. Marty Lajoie)
- Refer first patient within 30 days of training session
- Re-credential every 12 months (\$200 after initial credentialing)

Once Credentialed:

- Discuss the value and benefit of KAP to your appropriate patients (It is your responsibility to rule out patients with contraindications!)
- Refer interested patient using our provider referral form on our website
- A fee of \$3850 will be collected by BTC from the patient directly for the package of their medical evaluation and six Ketamine Experience sessions at BTC's office.
- Once the patient has been medically cleared by BTC medical staff, you and your patient will be contacted by BTC scheduling personnel to coordinate the treatment times and dates.
- You must see your first patient within 30 days of completion of credentialing.
- You will be expected to conduct a minimum of six Ketamine Experiences per year to keep your credentials current and re-credential without re-training.

Ketamine Assisted Psychotherapy Cadence

- Preparation Therapy session in your office (1 day- 1 week before Ketamine Experience)
- Ketamine Experience in BTC office with you as their guide
- Integration therapy session in your office (24-96 hours after Ketamine Experience)
- Repeat above. 6 sessions minimum per patient.
